What were you doing when the crazy storm began?
 When the lightning hit and the water ran quickly.
 Where were you when the heavy rain came down?
 On the mountain, at the beach, in the forest
 or the big town.

I was walking slowly up the mountain,
 He was skating over the beautiful lake,
 We were playing football in the park,
 She was eating a piece of chocolate cake.
 They were all swimming in the river,
 He was sailing on the blue sea,
 She was climbing up a stone wall,
 I was sitting under a tall tree.
